

Distributing eCRAGs

Distributing CRAGs Electronically

Community Resource Assistance Guides are accessible for electronic distribution. By going to the NCWorks Online CRAG page, the URL for each guide can be copied and shared. This page is public and does not require logging into NCWorks Online to access it.

All CRAGs are listed on this page:

<https://www.ncworks.gov/gsipub/index.asp?docid=531>

Locate the needed CRAG in the list, then right click on it to copy its link. Depending on the browser used, the instructions may say, “Copy link address,” or “Copy Link Location.”

Copy the CRAG link, which can then be emailed to an Individual, shared in social media, on WDB pages, or other community hubs.
